Mission Statement

The mission of the simulation is to analyze the NIMS unifying paradigm vis a vis global disasters. The cooperative international venue expands continuity of implementation and intergovernmental cooperation. Moreover, the approach incorporates experiential pedagogy to optimize cognitive mastery. This exercise is an outgrowth of an alliance between St. Cloud State University and the National and Kapodistrian University of Athens. This initial event is the foundation of an ongoing and flourishing academic collaboration.

This event is initiated by Vasiliki Kouskouna (NKUA) and Patricia Bodelson (SCSU)
